

# The Margate Caves Visual Story

This is the Margate Caves building, to get to the entrance of the building you can walk up 2 ramps or 7 steps.

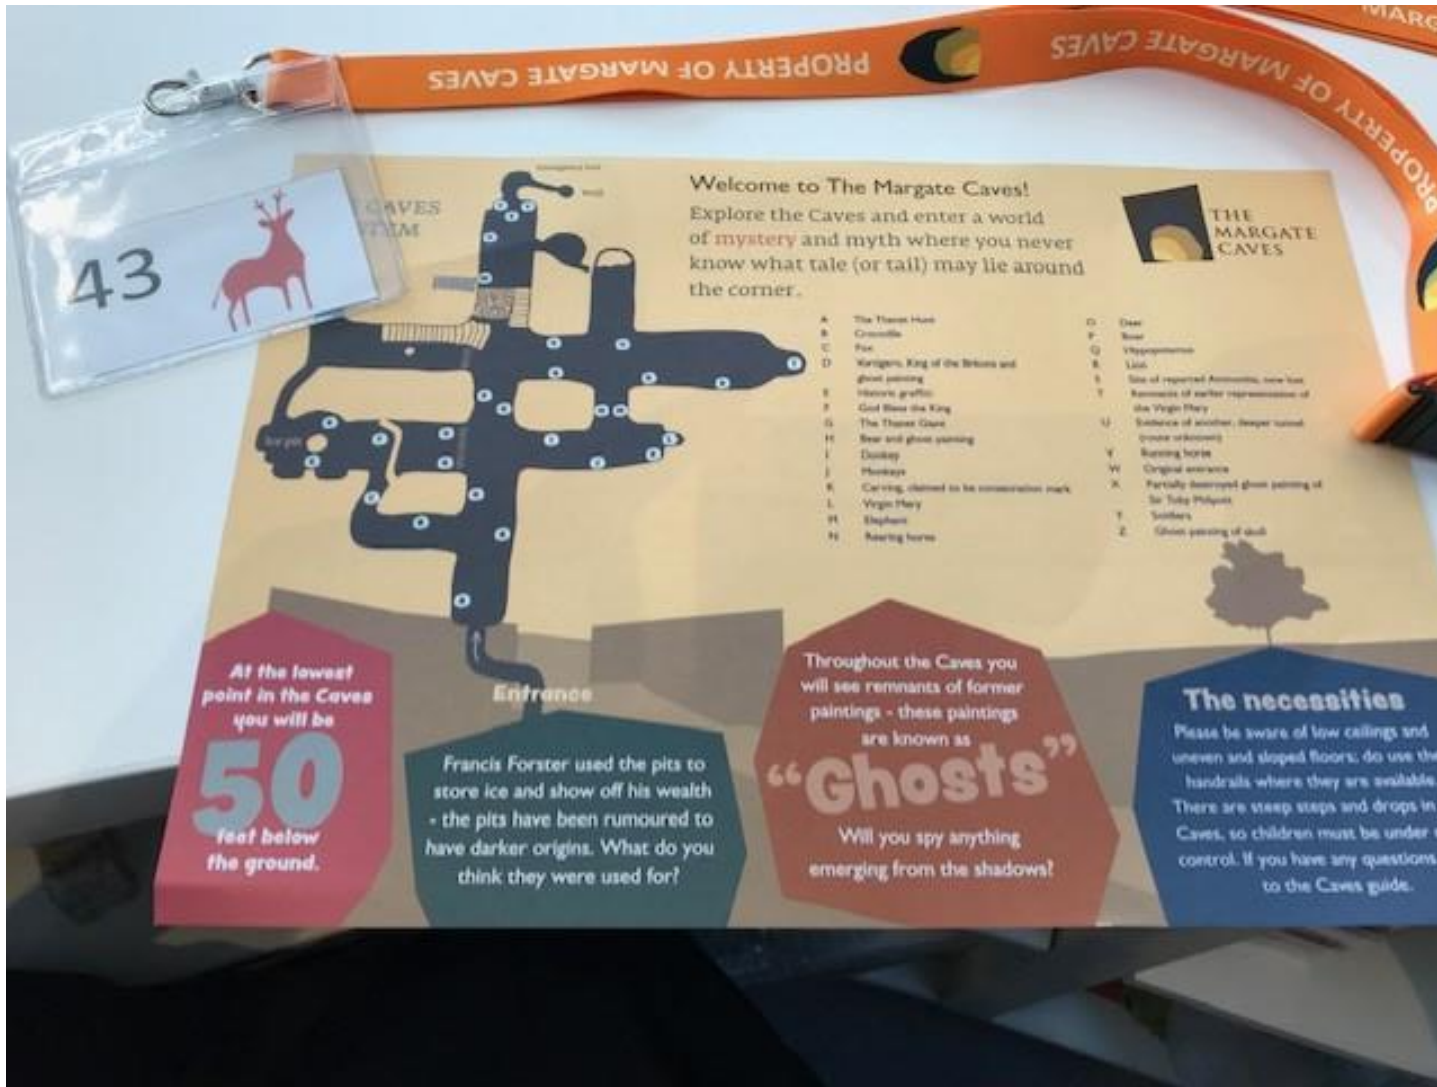

The door pulls open towards you or you can press the button to open the door.

When you come into the building you will be greeted by a member of staff at the counter.

All our staff wear lanyards that say "Margate Caves". They are there to help you and will answer any questions you have about the Caves or your visit.

Before you go into the Caves you will be given a map and a lanyard.

If you do not want to wear a lanyard someone else can wear it for you.

Before visiting the Caves you can find out more in our interpretation room. There are things to touch, look through and turn.

To get into the Caves you go down 32 steps, there are handrails for you to use.

The stairs go into a tunnel which you follow into the Caves.

There are lights on the floor and the tunnel is well lit.

Mind your head and watch your step as the floors are uneven.

At the bottom of the tunnel you are in the Caves. The ceilings are high and there are paintings to see. You can explore through tunnels and up stairs.

There will be a member of staff in the Caves who can help you and answer your questions.

The Caves can be echoey, if you need a break let a member of staff know and they will help you.

When you are done exploring the Caves you go back the way you came in, through the tunnel and up the stairs.

This is the Café where you can buy food and drinks.

There are vegan, vegetarian and gluten free options, as well as a children's menu.

The staff in the café are there to help you, they wear aprons that say The Margate Caves as well as lanyards.

In our café there is colouring to do and books to read.

We have three toilets to choose from, one set up for children and babies and one accessible.

In our family toilet there is a step and an adaptable seat as well as baby changing facilities.
