

Festive feeder

You will need; A Large Orange, Skewer, An Adult to help, String (cut into 4 pieces at 18 inches long), Bird Seed, Spoon, Sharp Knife.

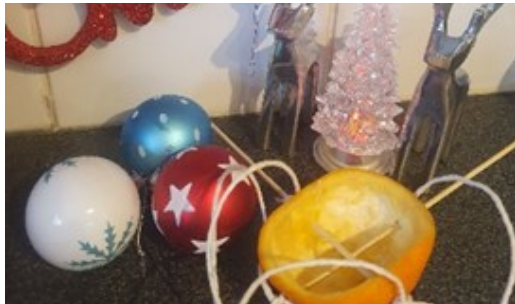

1. Ask an adult to cut your orange in half and scoop out all the fruit so that the just the peel is left.

2. Poke your skewers through the orange so that they form a cross in the middle. You might need your adult to help you with this bit.

3. Tie each end of a piece of string to each end of your skewers.

4. Fill your orange bowls with birdseed and hang them outside!

Extra; Why not make other bird feeders from other fruit and pinecones? You can use suet as well.
